Character Designer and Visual Development professional with 5+ years of experience in high-quality freelance illustration work. As a lifelong artist and storyteller, character design is in my bones. My life's mission has been to convey captivating stories through my art. As a recent 2024 SCAD graduate, and a restaurant worker for 4+ years, I am always eager to work alongside other artists to learn from and challenge myself. If I'm not drawing, I'm probably cooking a new recipe or reading history books. I hope to work with you soon!
